

5 November 1964

MEMORANDUM FOR: Director of Training

SUBJECT : Proposed Name Check Course

REFERENCE : Memo to DTR from DDP/TRO, dtd 30 Oct 64,
Subject same as above

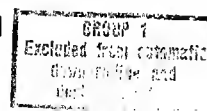

1. In reply to the requests contained in paragraph 4, Reference:

"a. Approve the establishment of a Name Check Course."

We recommend approval since the establishment of such a course is based on an existing DD/P requirement.

"b. Designate an experienced OTR instructor to develop the Practical Exercise referred to above."

We recommend that you do not concur in this request as stated. At the present time we have no person assigned to our staff with the experience and expertise required to develop such a problem. We recommend that you request the Clandestine Services to provide a person with the necessary qualifications for a minimum of at least two to three months. Our Chief Instructor (see paragraph c. below) will assist this person in the academic aspects of developing the exercise.

SECRET

"c. Designate an OTR officer as Chief Instructor for this course."

25X1A9a We have already nominated [REDACTED] Headquarters Training, for this role, and he has attended some of the plenary sessions of the Clandestine Services Committee. However, it must be understood that Mr. 25X1A9a [REDACTED] regular duties as Chief Instructor for the CI Familiarization Course will limit his availability. One of the unresolved questions in regard to this course is the frequency of its presentation. In keeping with Mr. 25X1A9a [REDACTED] regular commitments, we have proposed four presentations during the first six months of CY 1965. The Clandestine Services Committee has been thinking of at least double that number during the same period. Our recommendation is also based on the availability of classroom space at Headquarters. Rooms have already been reserved for the four presentations.

"d. Assume responsibility for the management of and registration for this course."

If the problems stated in connection with paragraphs b. and c. above can be resolved in accordance with our recommendations this responsibility is to be expected.

[REDACTED]
Chief, Operations School/TR
